

R

ROBIN XIA

MOBILE APP DEVELOPER

PROFILE

A passionate mobile app developer with aspirations of mastering the React Native framework.

The best part of mobile app development is the problem solving involved in creating complex UIs.

I am a firm believer in the concept of owning your projects. When seeing everything from the customers perspective as well as a developers perspective, you can better understand the goal and thus come closer to a perfect product.

LANGUAGES

Native: Swedish & Chinese
Fluent: English

OTHER EXPERIENCE

2023

SPACE | SENIOR EDUCATOR

[Space Academy | Jan 2023 - May 2023](#)

At Space Academy, I had the role of guiding and educating students from Grade 6 - High School, using drag & drop programming tools and games. We did this in a way that is both fun and instructive, tailored for beginners.

The goal & driving force behind the programme - democratising tech for everyone, especially the disenfranchised.

EDUCATION

MOBILE & WEB APPLICATION DEVELOPMENT

DIPLOMA OF HIGHER VOCATIONAL EDUCATION

IT-HÖGSKOLAN Stockholm | 2020 - 2022
